

A person with long dark hair, wearing a red dress, is captured in a dynamic pose on a stage. They are leaning back with one arm raised high. The scene is lit with vibrant blue and orange stage lights, creating a dramatic atmosphere. The background is dark with some blurred lights.

# Digital Storytellers

What event story will you tell?

# Unleash the power of storytelling

---

**Digital Storytellers** is a purpose-driven media production agency with talented creative teams located in both Sydney and Melbourne, Australia.

We make powerful emotive stories with positive narratives and impact measurement to ensure we are making a difference.

Our mission is to help create a better narrative for the world, through telling stories that matter, and sharing our knowledge and resources to empower a wider community of storytellers.

**Let's change the world together, using the power of storytelling.**

## Events Coverage

---

Something really special happens when people come together with a shared sense of purpose. Gathering to learn, share ideas and network creates momentum towards the tipping point of movements.

**We can amplify your reach and impact far beyond the event.**

## Reach a wider audience

Bring your next live event to life with the magic of storytelling!

---

**We bring the power of storytelling into the room  
to help you take your story to the world**

**There are so many ways we can help you create an unforgettable event experience!**

- Capture and live broadcast your keynote content to the big screen and beyond
- Colour-in the experience with live-scribed keynotes
- Generate buzz and social sharing with an eye-catching art wall
- Broadcast from your very own Pop-Up TV studio with stories and commentary
- Activate the power of the crowd with social media engagement
- Upskill your delegates with a fun, hands-on storytelling workshop experience

# What else is possible?

What we did for Link Festival

---

**The rise of digital technology puts the power of storytelling in your hands.**

Engineers Without Borders partnered with Digital Storytellers to crowdsource a fun event story, filmed by participants of our workshop on their mobile phones and delivered live onsite for maximum WOW factor!
